

South Harford & Tuckswood Community Association

Update on Covid-19 Reopening in light of Government Roadmap

4th March 2021

In line with the Government announcement on Monday 22nd February 2021, the Association have taken the decision to **remain closed for March and April 2021**. The centre will not be taking bookings over this period and we would kindly ask if all non-urgent enquiries can be made on or after Tuesday 4th May 2021. At this time, we hope to be in a better position to answer your queries about bookings with greater confidence and clarity.

At the current time, we hope to reopen for events from **Step Three (17th May 2021)**. This is, of course, subject to change, and our exact time of reopening will be governed by any updated changes to the UK phased lifting of covid-19 restrictions. Please note that any bookings and events will also need to align with those types of activities which are permitted at each phase of the Government's roadmap. We will ask user groups and private booking enquiries to liaise with the Centre Manager when making their reservations at the centre and to comply with the restrictions that are in place at the time.

We thank you all for your ongoing patience and understanding, and hope to welcome you back from May 2021.
